

Certificate of Conformance on the Restriction of Hazardous Substances

This document addresses NetMedia’s position regarding the directive of the European Parliament and of the council on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS directive). The information contained in this document is based upon information collected from NetMedia, its manufacturing partners and associated supply chain channels.

To the best of our knowledge and belief, identified RoHS compliant products manufactured by NetMedia or its manufacturing partners are in **compliance with the RoHS directive, 2002/95/EC**. Specifically, products manufactured by NetMedia do not contain the substances listed in the table below in concentrations greater than the listed Maximum Limit value.

Substance	Maximum Limit (ppm)
Cadmium (Cd)	100
Lead (Pb)	1000 (1) (2)
Mercury (Hg)	1000
Hexavalent Chromium (Cr6+)	1000
Poly Brominated Biphenyls (PBB)	1000
Poly Brominated Diphenyl Ethers (PBDE)	1000

- (1) Applicable to NetMedia products with Pb-free lead finish only
- (2) Maximum limit does not apply to applications for which exemptions have been granted by the RoHS directive.

Identified RoHS compliant products are distinguished from non-RoHS complaint products, by the appearance of the letter “U” as a suffix to NetMedia’s existing or new part numbers. For example a non-RoHS compliant part number will not have a “U” suffix, i.e. SP1 for SitePlayer Module, where as the new RoHS compliant part number will have the “U” suffix and (RoHS) contained in the product description, i.e. SP1-U for SitePlayer Module (RoHS). Please see NetMedia’s web site, www.netmedia.com, for a full list of RoHS compliant products.

Date:	June 15, 2006
Position:	Director of Operations, Environmental & Safety

Environmental Statement Disclaimer

The information provided in this environmental statement is, to our knowledge, correct as of the date indicated on this page. However, there is no guarantee to completeness or accuracy, as some information is derived from data sources outside the company. Also, there may not be information included in this statement regarding the minute amounts of substances and metal materials contained within the electrically active or passive devices used in the finished product.

List of RoHS Compliant Products Certified by NetMedia, Inc.

To the best of our knowledge and belief, identified RoHS compliant products manufactured by NetMedia, Inc. or its manufacturing partners are in ***compliance with the RoHS directive, 2002/95/EC.***

Identified RoHS compliant products are distinguished by the appearance of the letter "U" as a suffix to NetMedia's existing or new part numbers. For example the RoHS compliant part number will have the "U" suffix and "RoHS" contained in the product description, i.e. SP1-U for SitePlayer Module (RoHS). Please see the following list of NetMedia part numbers for products that are in compliance with the RoHS directive, 2002/95/EC.

As of **September 21, 2006**, the following NetMedia parts are identified as RoHS compliant:

SP1-U	SER2X16-RU	BX24-U	FIL0011-U
SPT1-U	SER2X16-GU	BX35P-TQ-U	
SPTPOE-U	SER2X16-BU	SONAR1-U	
	SER4X20-RU		
	SER4X20-GU		
	SER4X20-BU
